

Storytime at Schlow

Baby & Me

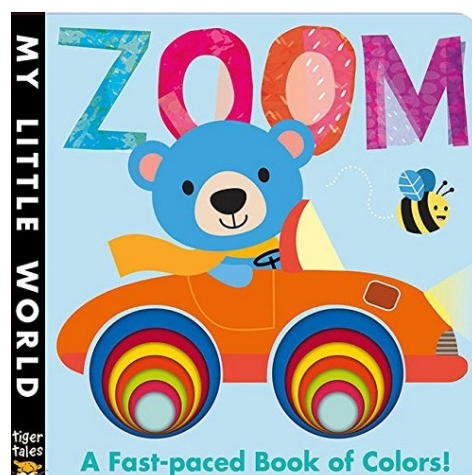

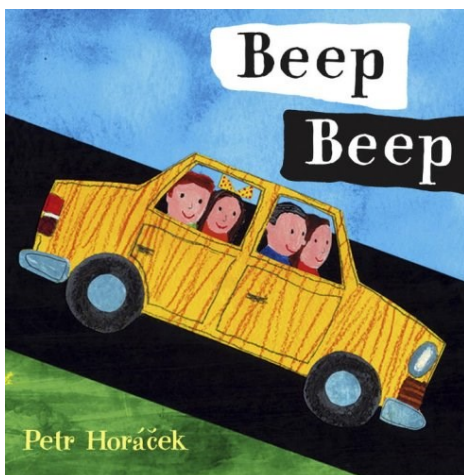

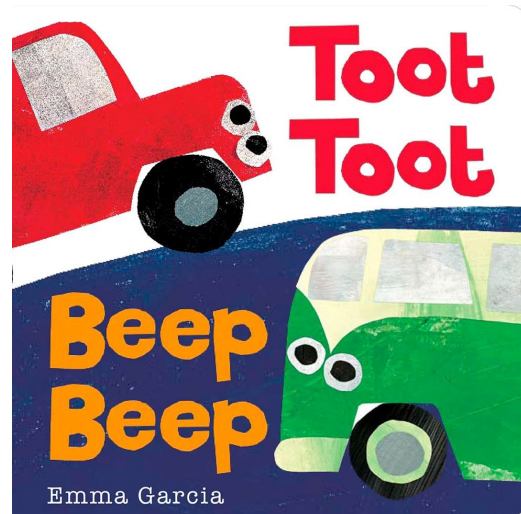

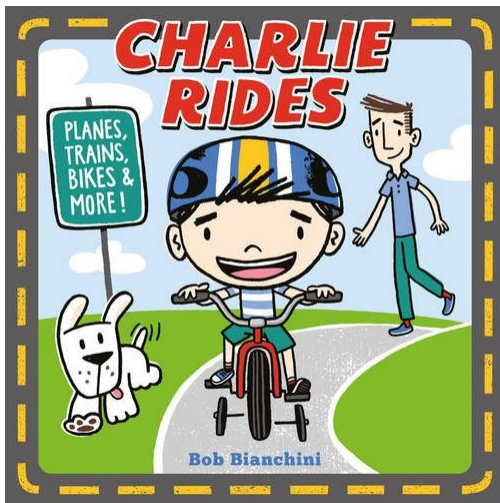

Tales for Twos

Week 3: November 8

Theme: Things That Go!

Today's books:

Songs

Opening (Closing) Song:

Happy Day

(tune: "Twinkle, Twinkle, Little Star")

It's a happy, happy day
We can sing and we can play
Wiggle fingers, wiggle toes
Touch your tummy and your nose
Raise your arms and shout HOORAY
(GOODBYE!)
On this happy, happy day

Have You Ever Seen a Sailboat?

(tune: "Have You Ever Seen a Lassie?")

Have you ever seen a sailboat, a sailboat, a sailboat
Have you ever seen a sailboat
Waiving its sail?
Wave this way and that way
And that way and this way
Have you ever seen a sailboat waving its sail?

I'm an Airplane

(tune: "Clementine")

I'm an airplane, I'm an airplane
Flying up into the sky
Flying higher, flying higher
As I watch the clouds go by
I'm an airplane, I'm an airplane
See me flying all around
Flying lower, flying lower
'Til I land down on the ground

Drive, Drive, Drive!

(tune: "Row, Row, Row Your Boat")

Drive, drive, drive your car
All around the town
Merrily, merrily, merrily, merrily
Up the hills and down

Press, press, press the pedal
Give the engine gas
Merrily, merrily, merrily, merrily
Now we're going fast

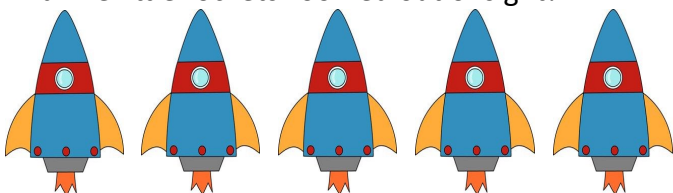

Turn, turn, turn the wheel
That is how we steer
Merrily, merrily, merrily, merrily
Make a turn right here
Push, push, push the brake
Make the car slow down
Merrily, merrily, merrily, merrily
Now we are in town!

Action Rhymes and Fingerplays

Five Little Rockets

Five little rockets zooming off in space
The first little rocket said, "Let's have a race!"
The second little rocket said, "Line up in a row!"
The third little rocket said, "Ready, set, go!"
The fourth little rocket said, "Beep, beep, bee!"
The fifth little rocket said, "You can't catch me!"
Then ROAR went their engines
And BLINK went their lights
And five little rockets zoomed out of sight!

Wheels on the Bus

The wheels on the bus go round and round,
Round and round, round and round.
The wheels on the bus go round and round, all
through the town.
...wipers go swish
...horn goes beep
...doors go open & shut
...people go up and down

Learning Continues at Home!

This week's early literacy practice: READ!

Shared reading is the single most important activity that you can do to help children get ready to read, even from birth! Remember to keep the interaction around the book a positive one. When children have positive experiences around books and reading they are more likely to stick with learning to read when they get to school, even if it is difficult. Books have different words than the words of conversation so children learn more words when you read books to them. Some board books for babies actually do not have many words, so you would add some to those on the page. In this way you are developing your children's vocabulary. Text by Saroj Ghoting

Continue the Fun...

Children are natural scientists, and it's never too early to start learning basic science skills like observation and prediction. Start with a basic Float or Sink experiment. Use the tub, sink, or large bowl to fill with water. Gather objects made up of different materials, such as wood, metal, plastic, aluminum foil, apples, oranges, plastic bottles, toy blocks, paper, bathtub toys, plastic forks, rubber balls, soda-bottle caps, pencils, erasers, and sponges. Ask the child to predict if the object will sink or float and discuss results depending on material type. Supplement by reading *Who Sank the Boat* by Pamela Allen.

What's Happening at Schlow?

November Book Club

reading.schlowlibrary.org

How many books can you and your child read together in November?
Each child who meets their goal will earn a prize book
AND a chance to win a BB-8 or Pigeon stuffie!

Please visit schlowlibrary.org/children/events for more upcoming programs.
